Queensberry Half Marathon, Drumlarnig Demon 10k & Castle View Fun Run

Drumlarnig Castle once again proved a stunning backdrop for the Queensberry Half Marathon on November 10<sup>th</sup> 2013. This was the fourth time that the school and Buccleuch Estates had joined forces to host a half marathon, a 10K and a 3K fun run, and was the second year that the sun shone all day.

After a frosty start, the predominantly male field took the steep hills and winding course in their stride, enjoying clear views over the Lowther hills, pushing themselves to run fast times over a very testing route.

The pupils who volunteered as marshals would have spotted teachers and ex-pupils in amongst the club runners. Wallace Hall former pupil, Kyle McLellan won in an amazing time of under 74 minutes.

As ever, the event could not have run at all, if not for the cheerful and enthusiastic team of

volunteers made up of pupils, staff and parents. Diane Jarvie masterminded the preparations and the big day, making sure that this well run event will stay on the running calendar and will continue to attract a growing number of runners keen to test themselves in such beautiful surroundings.

# SPORTS DAY

## 2013

The annual Wallace Hall Academy sports day was held at the end of June in the rare sunshine. All pupils in the school were out on the playing fields to watch and compete in the afternoon's races and field activities.

House rivalry was at a record high with a sea of pupils and staff dressed in yellow, red and green supporting their house and cheering on the competitors at the side of the track. A fantastic afternoon was had by pupils and teachers alike. Mr Hall, who retired at the end of the summer term, was invited to present the prizes to the winning competitors. Competition was fierce and the overall winners for the races were as follows:

**S1 Girls – Erin Dobie S1 Boys – Gavin Wilson**

**S2 Girls – Sarah Maxwell S2 Boys – Niall Holden**

**S3 Girls – Emily Morton S3 Boys – Liam Watson**

**Senior Girls – Kathryn Park**

**Senior Boys – Sam Hall and Declan Hill**

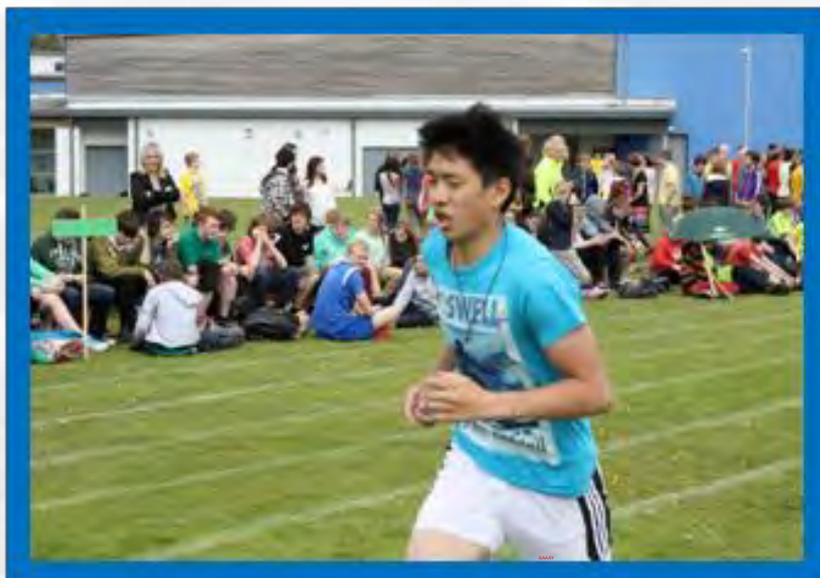

Stepping up to the start line next were the competitors for the mile race.

Finishing at the front of the pack was:

Boys - Cameron Scott, (S5) and Girls – Kathryn Park, (S5)

The annual house Tug Of War competition for the Vina Mess Trophy was the final event of the day. The Tug Of War was, as always, a hotly contested competition between the three houses - Cairn, Nith and Scaur. Mrs Mess came along to support and encourage all competitors, particularly her beloved Cairn pupils. Mrs Mess's encouragement seemed to do the trick as, much to her delight, Cairn were victorious again.

# whapples

A Community Orchard

*A community orchard in Thornhill*

Recent activities in the orchard have included the Forestry Module planting replacement trees. Whapples has been successful in securing some hedging plants from the Woodland Trust— the Forestry Module along with the Eco Group at Wallace Hall Primary, planted these to provide some shelter from the elements.

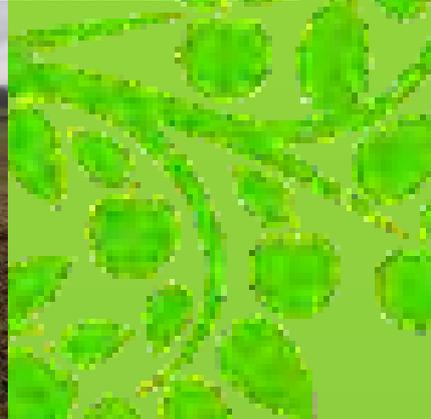

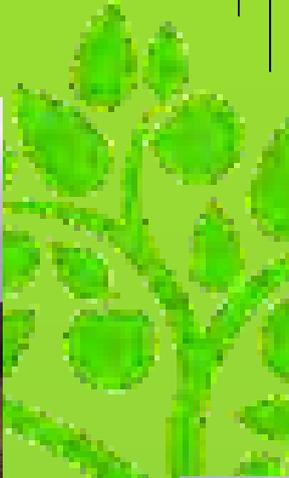

Rural Skills classes have also been making use of the orchard by creating frames for raspberries to grow up. While they were out there, they found a hedgehog family that has made the orchard their home.

In the coming months, whapples is going to look at branding for end products. They will visit local businesses to get some ideas on the variety of products they will be able to make. Discussions will take place with the school's Art Department on the package designs that these products may utilise.

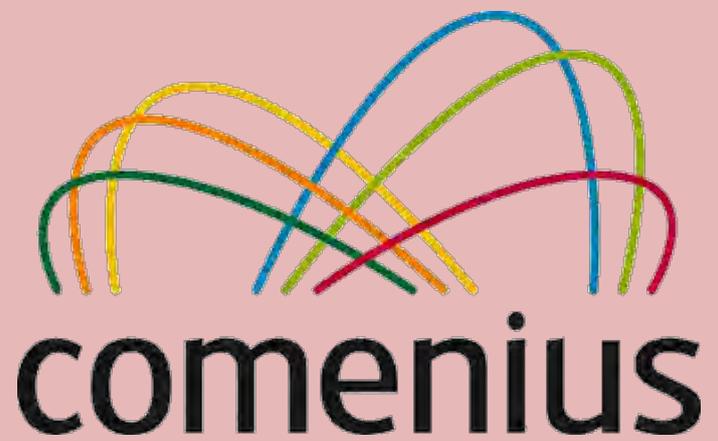

For more information or to sponsor a tree please visit

<http://www.whapplesorchard.co.uk/>

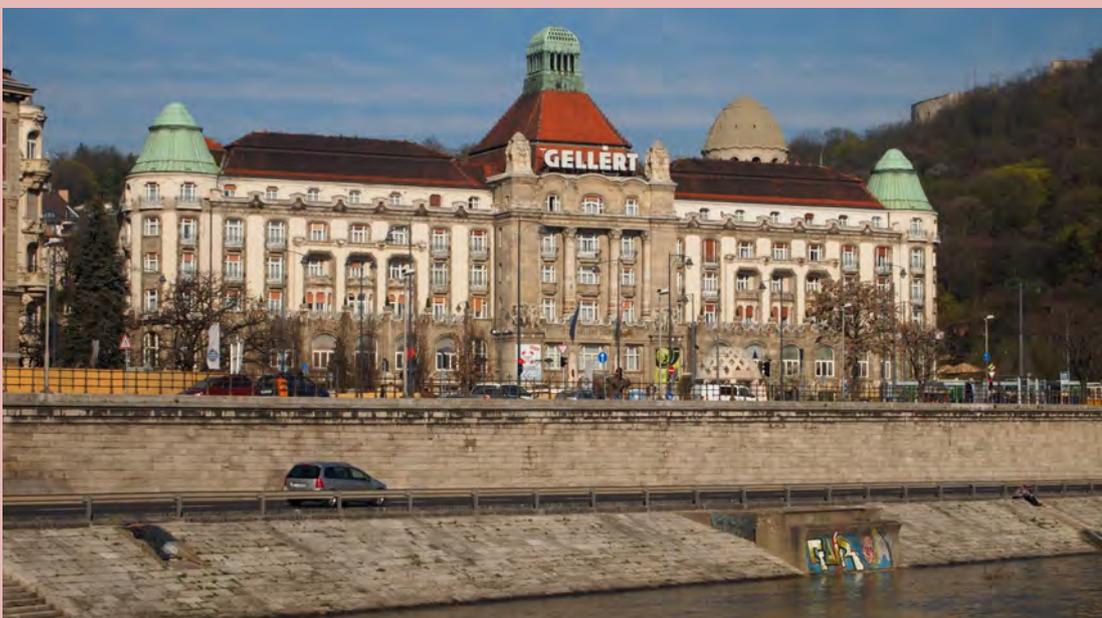

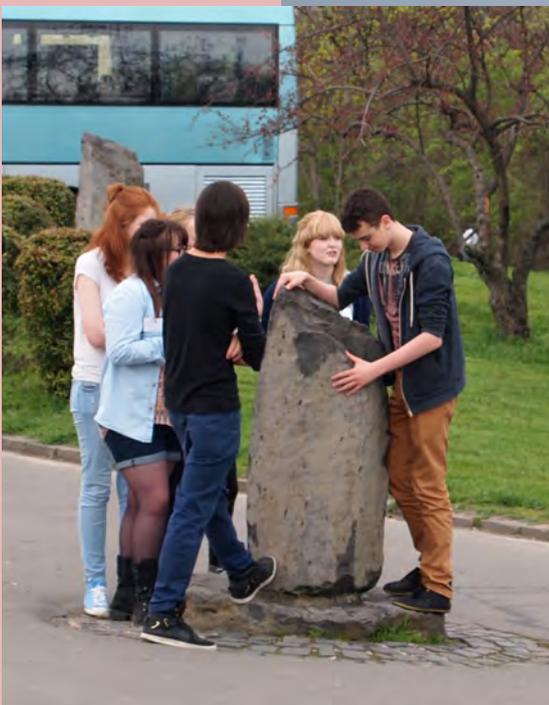

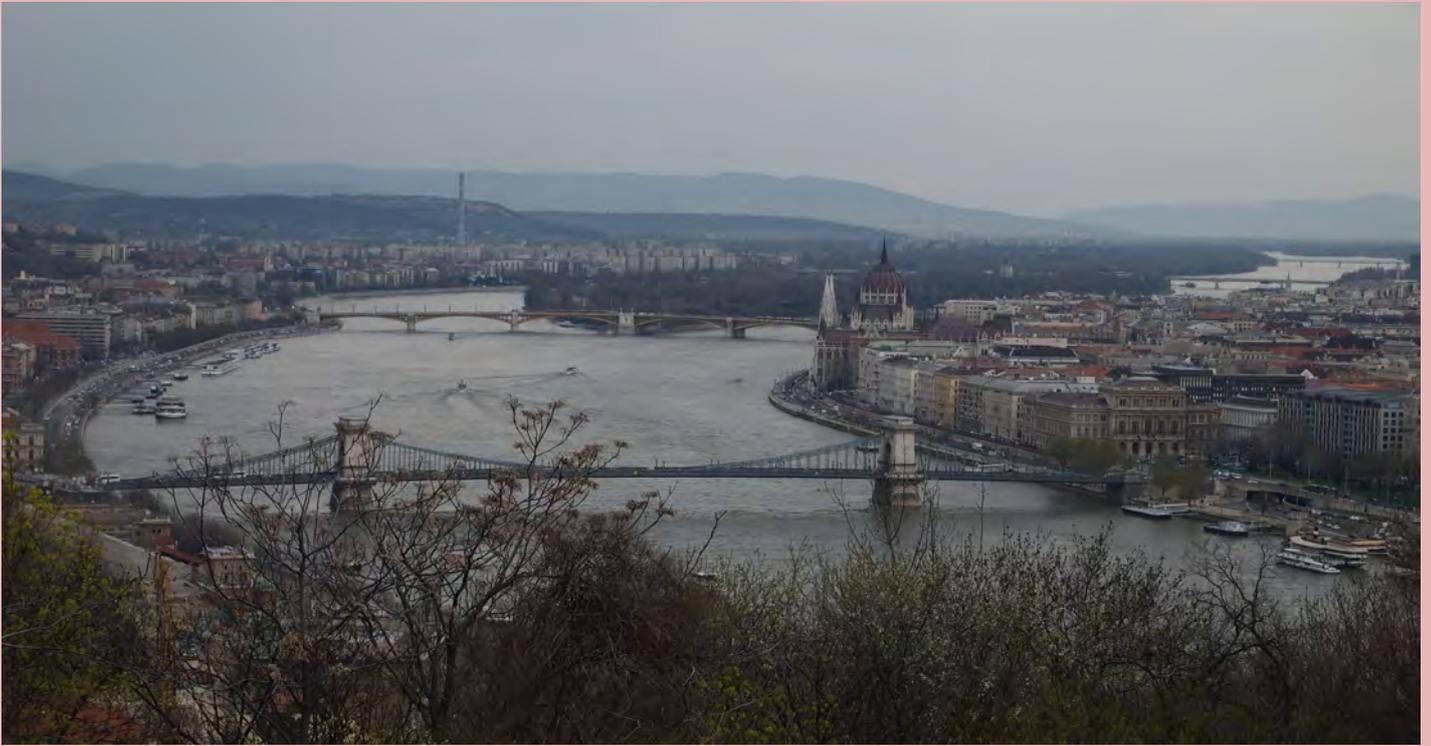

This year, the Comenius group continued to extend their links internationally, with 5 trips abroad. The trips included visits to Norway, Belgium, Iceland, Hungary and Germany.

They were then treated to various traditional activities during their week with their foreign hosts and they all say it was a fantastic experience!

The various groups of pupils who were on the trips, accompanied by Mr Harley, Miss Smith and Mr Arrowsmith stayed with host families with whom they have been building friendships with over time during the module.

# Going, Going, Gone!

**The demolition of the old secondary school occurred in 2013. The secondary school was built in 1978 and was demolished in swift fashion, after a long lie in waiting after we moved to the newly built academy. It took less than a week to be removed.**

## S6 REGISTRATION TEACHERS

**Mr Harley**  
**CAIRN**

**Miss Stuart**  
**NITH**

**Mr Gilius**  
**SCAUR**

*Head Girl—Chloe Davidson*

*Head Boy—Lewis Morrison*

**What has been your best memory as Head Girl of WHA?**

- ◇ The Burns Supper and getting to work with the team (Lewis, Finlay and Rebecca)

**How did you feel when you were first elected?**

- ◇ So surprised, then really excited!

**Has the job met your expectations?**

- ◇ Yeah, it's been a great opportunity to work with lots of different people.

**Any advice you'd give to next year's Head Girl?**

- ◇ "Relax...take it easy, there is nothing that you can't do" - In the wise words of Mika.

**What has been your best memory as Head Boy of WHA?**

- ◇ The Senior Christmas Dance and working with Chloe, Finlay and Rebecca.

**How did you feel when you were first elected?**

- ◇ Ecstatic, it was a great feeling finally beating Finlay at something!

**Has the job met your expectations?**

- ◇ Yes, it has been challenging at times but definitely worth it!

**Any advice you'd give to next year's Head Boy?**

- ◇ Make sure you communicate efficiently with the prefect team and be prepared to give up your spare time.

## The Duke of Edinburgh Award

**D**uke of Edinburgh gives all young people aged 14-24 the chance to develop skills for life and work, fulfil their potential and have a brighter future.

By doing DofE, members are in for an amazing adventure and masses of fun as they take part in a range of activities, all leading to the achievement of a Duke Of Edinburgh Award that is recognised by universities and employees. But is also an enjoyable, fun learning experience.

This years group are currently planning practice expeditions and their qualifier.

They are competing their skill, volunteering and physical sections of the award.

The photos included in this article are a snapshot of the last couple of groups we have had over the past few years.

To be part of the next S3 group after the summer holidays please listen out for information during mentoring time and registration or see Miss Carnochan.

# SAILING CLUB

# Physics trip to Alton towers

On Friday the 4th of October we went down to Alton towers in Staffordshire. The bus journey was a long and tiring wait, it took around 5 hours for us to get there. We had to get up at around 3:30am. When we arrived we were so glad, we got put into groups of 4 with prefects or teachers and they gave us our tickets to get in. When we got in we all had a good wonder around. We then went on the rides including Sonic Spinball which was right by the entrance. It was a fast paced and curvy roller coaster. The larger rides were in a place called the X Zone. It contained the newest rollercoaster in the park which was called "The Smiler" as well as the other large rides like Nemesis, Oblivion, Inferno, Rita and Air. The worst thing about most of these rides, especially later on in the day, was that they had very long lines to get on. There was one that we found really fun called the Log Flume it is a very short waiting time of around about 2 minutes because it was hidden away in one of the corners of the park. When we got on it we saw a lot of ducks and the flumes were bath tubs. But on this ride we forgot to leave behind a big tube of millions and they ended up spilling all over me. We also went to a place called the Fried Chicken Co. It was very tasty but the problem was that we felt a little ill on the rides afterwards. Overall it was an great trip and we would really like to go again, it was well worth the cost and the long wait to get on the rides.

By Kyle Thomson and Owen Ross

# Charities Committee

This year, Wallace Hall Academy's Charities Committee composed of 56 Pupils and Mrs Weir, organised various events to raise money for fantastic causes.

To raise money for Great Ormond Street Children's Hospital the group organised a Pyjama/Onesie day for all pupils to take part in which raised a fantastic £608.

To raise money for the Philippines disaster the group organised a Christmas themed non-uniform day coupled with a concert and a quiz, this raised a £742.14.

On Tuesday the 1<sup>st</sup> of April, the group organised a sponsored walk and non-uniform day to raise money for both Asthma UK and Ward 15 at Dumfries Hospital in memory of Imogen Edwards, raised an amazing £3500, special thanks must go to Eilidh Thomson who raised just under £500 worth of sponsors!

In total, for the charities the committee raised £4850.14 over the course of the year, big well done!

# ARDECHE

# SCOTLAND vs FRANCE

# BATTLEFIELD

The guns of the First World War are now fought and the devastation of conflict pupils found out during September's trip. Pupils and staff spent four days in France into the tragic events of WWI that took war that would end all wars.' It was a Vimy Ridge, Lissjenthok Cemetery, Langemarck that was caused by just one artillery casualties), Langemarck Cemetery, Belgium, and Tyne Cot British Cemetery, the world. From arrival in 25 degree enjoyable experience, filled with both staff trip that will forever be remembered.

...the largest Commonwealth cemetery in  
...sunshine, the trip was a thoroughly  
...miles and a few tears at times. It was a  
...mbered. By Lauren Dalglish

# Kingswood

*Zindragan*

# S1 French Trip

During activities week all S1 pupils were given the opportunity to go on a trip to France with Modern Languages. They left WHA on the 26<sup>th</sup> of May and travelled by bus to Dover where they boarded the ferry to France arriving in Calais. Upon arriving in France they were greeted by another 5 hour bus journey to the Chateau du Terte.

While in France they partook in a range of activities from sight-seeing to raft building to building campfires and roasting marshmallows.

Through visiting many towns and tourist attractions this trip gave them the perfect opportunity to practice their French, with locals helping them with their pronunciation.

Overall everyone had a fantastic time and a great trip was enjoyed by all! It was both an enjoyable and educational trip that will hopefully run for many years to come.

# SKI TRIP

# HALLOWEEN DISCO.

From the cast of Alice and Wonderland, to the Mario Brothers, from deadly geishas to scary clowns, characters of all shapes and sizes could be found at the Halloween Disco 2014. With Head Boy Lewis Morrison on the decks, there were some cracking dance moves pulled by all, with prizes being awarded to the best dressed pupils. The teachers did not disappoint, and it was a night filled with spooky fun for all. Article by Lauren Dalglish

# S1/S2 CHRISTMAS DANCE

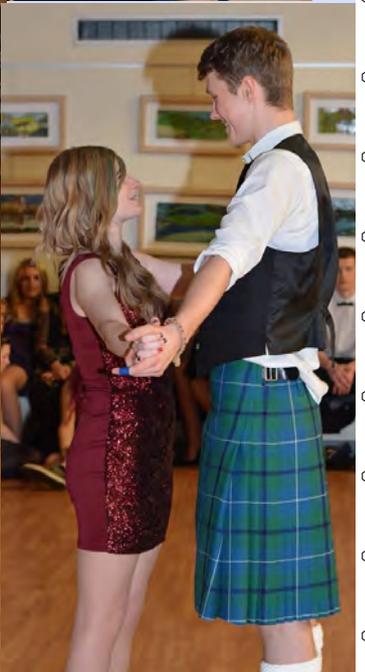

# S3 and S4 Christmas Dance

# S5 & 6 Christmas Dance

The annual Christmas dance is possibly the most anticipated event in the school's social calendar. Everyone scrubbed up their best and enjoyed a delicious meal before putting on their dancing shoes to begin the ceilidh, boogying along to the excellent live music provided by the Jim Gold Scottish Dance Band. The dance is always an important event with the seniors as it's the 6<sup>th</sup> year's last dance in the school and will be remembered fondly for years to come. Thanks has to go to the hard work of the Social Committee, who did a brilliant job of organising, and the leader of the Pack Mr Cubbon, who will be sadly taking his ballet slippers from Wallace Hall to Dumfries High School – We wish him the best of luck!

**D**rama continues to flourish at Wallace Hall Academy with a variety of productions being presented throughout the year.

In June, pupils from S1-S6 were involved in the school Summer Show – *Macbeth*, which featured a live band, singer Lauren Dalglish and a diverse score including Cole Porter and Chuck Berry numbers.

In November, pupils in the Higher Drama Class presented an evening of twelve original plays that were written, directed and performed by the pupils, all based on the common theme of the number '12'.

In February the same Higher Drama pupils put on a production of *Journey to X* by Nancy Harris and raised over £300.00 for an Asthma charity from the proceeds.

In February and March S4 English students used the stunning Drumlanrig Castle and Estate as the setting for filming *Hamlet*. Graves were dug and swords brandished - the scene was set for a truly vengeful tragedy.

Both second year and Higher Drama pupils have also been involved in the delivery of a number of assemblies throughout the year and have used these opportunities to explore relevant issues and to showcase their creativity.

# The Queensberry Initiative

This year saw a new chapter open for the project, with the founder, Mrs Kirby, retiring and a new development officer being appointed in the form of Mr Pape who is supported by Mrs Wood and Miss Peoples. QI has continued to maintain its high level of support for pupils and is constantly attempting to extend its range of programmes. The project has provided 28 S6 Pupils with career mentors from the local business community; these mentors help the pupils with everything from their UCAS application to interview practice. Stewart Hill of S6 had this to say with regards to the career mentoring scheme "My mentor gave me valuable advice on the best way of applying for a job and also gave me very realistic interview practice which has helped me improve my technique - and I feel this has helped me to prepare for the future" QI has also continued to expand on its exciting range of outdoor activities, which vary from pond-dipping to archery, this is designed to increase the development of confidence and teamwork skills within pupils. A P7 Outdoor Activity group has also been established which draws its members from all 6 cluster primary schools and is composed of pupils who need extra support with the transition from Primary to the scary world of the Academy.

To find out more visit <http://www.queensberryinitiative.co.uk/>

# initiative ...taking learning outdoors

## What's the best part of your new job so far?

- ✂ *the fantastic team I work with*
- ✂ *the varied nature of day-to-day tasks*
- ✂ *the range of challenges and opportunities*
- ✂ *the high-quality biscuits*

## How does the work compare to teaching English classes?

- ✂ *There's obviously a similar stress on communication and organisation but the range of tasks I encounter during a 'typical' week has been a real eye-opener – in a good way!*

## How does it feel to be leaving your regi class that you've been teaching for almost 6 years?

- ✂ *I genuinely miss the day-to-day interaction – i.e. 'the banter' – but I know 6N are in capable hands and will go on to make their impact on the world in so many different ways.*

## How's Alan adapting to your new busy lifestyle?

- ✂ *Alan is greatly enjoying the increased amount of time I spend working on e-mails in the evening as he gets to play on the keyboard and occasionally lick the screen if I let my guard down. He has also decided to save me time by emptying the litter tray before he uses it...*

*P.S. I would like to point out to readers of the yearbook that Alan is a cat and not a variety of semi-feral child!*

## Do you miss anything about your old job?

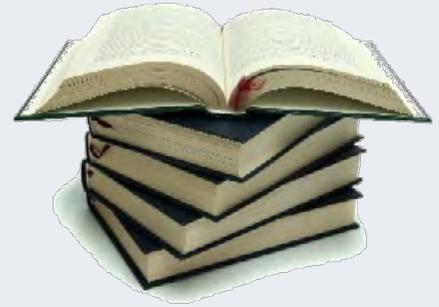

- ✂ *my S1, S2 and Intermediate 2 classes.*
- ✂ *chats about curricular structures and football with Mr Docherty*

## What are you looking forward to the most as a new member of the QI team?

- ✂ *working with a new – highly committed and very tolerant – team*
- ✂ *exploring new opportunities for the project*

# Teacher Interviews

## Mr Blair

**Favourite teaching moment at Wallace hall so far?** Least favourite– During a maths please take I was asked “Do you actually teach maths?” favourite– The S6 peer support training day. A great group of pupils who made it an excellent day.

**Funniest thing some one has said/done?** When an S6 prefect came to complain that he was being picked on . After some investigation it transpired that the bully's where two first year boys and his girl friend!

**Favourite thing about WHA?** How friendly everyone is. And unlimited free coffee.

**Do you have any nick names?** BEJ– no idea what it means, but some things seem to stick with you over the years. I am referred to as uncle BEJ by one of my friends kids, which is quite odd.

**Who is your favourite sixth year?** Best wind up– Tom Keyhole, Most Reliable– Luke Bell, Worst excuse maker– Chloe Davidson

## Mrs Fraser

**What where your fondest memory's of your school life?** Being inspired to become a teacher by my business studies teacher. Going to the Pancake place during free periods in S6 for a cup of tea!

**Favourite teaching moment at Wallace hall so far?** There are lots of those, it would be hard to chose only one.

**Funniest thing some one has said/done?** When delivering a lesson on pricing tactics a pupil asked what penetration meant? For those of you who do not study Business Management penetration pricing is where a product enters a competitive market at a low price.

**Favourite thing about WHA?** Obviously the friendly pupils and kind staff, but I also love the endless supply of biscuits in the Library.

**Do you have any nick names?** Not that I know of... Maybe “Tea Lady”

## Mr Davolls

**What where your fondest memory's of your school life?** The art department. They were the people who inspired me to study art after leaving. Oh and all the pranks we played on teachers.

**Favourite teaching moment at Wallace hall so far?** No particular one that stands out. Plenty of great moments and enjoying building a rapport with all the students. Lots of funny moments too!

**Funniest thing some one has said/done?** Anything Sebastian says! Potty minded young man. An S3 student who believed ducks don't fly. Past student– Aaron the motorcar.

**Favourite thing about WHA?** The students. It's always a pleasure to teach and be inspired by the enthusiasm they produce.

**Who is your favourite sixth year?** All of them that I teach. They all have different qualities and personality's that make up the whole person. I will remember Imogen with fondness and sadness for some time to come.

## Mrs Menzies

**What where your fondest memory's of your school life?** I had a great English teacher –Mr Campbell– who I loved listening to– he really brought the stories to life for the class.

**Favourite teaching moment at Wallace hall so far?** I'm not a teacher but the best part of the library is when the S6 pupils are accepted for their courses or careers.

**Funniest thing some one has said/done?** Standing in the lift with Mr Docherty waiting for him to press the button– You had to be there!

**Favourite thing about WHA?** The sixth year pupils in the Library– always good banter!

**Do you have any nick names?** Mrs M but there may be more...

**Who is your favourite sixth year?** Every single one of them– life would be dull without them!

## GENERATING KNOWLEDGE

When it comes to knowledge creation, we're at the forefront - pushing boundaries, changing focus, developing new ideas and encouraging big thinking. We've been around since 1821, and have a reputation for providing specialist, up to date courses that are recognised and respected all over the world. Our academics stay in touch with what's happening in the working world - so you get the benefit of real life expertise.

Our modern, spacious campuses offer student facilities that will make you feel right at home, and allow you to get involved in sports or music and, of course, enjoy the student lifestyle.

With around 30% of our students coming from outside the UK, you will be part of an internationally diverse student body.

### **National Student Survey**

Heriot-Watt University is 1st in Scotland for 11 out of 18 subjects (National Student Survey 2013).

### **National Performance Centre for Sport**

Heriot-Watt University and City of Edinburgh Council have won the race to be the location for the new national sport performance centre, beating off strong competition from Stirling and Dundee.

The successful bid by Heriot-Watt University, in partnership the City of Edinburgh Council, will host the £30m sports facility.

### **Edinburgh Campus**

Life Sciences, Engineering and Physical Sciences, Mathematical and Computer Science, Built Environment, Management and Languages.

### **Scottish Borders Campus**

Fashion, Textiles, Technology, Borders Business Programme.
